CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

1.1.1 Institution has the mechanism for well planned curriculum delivery and documentation: The institution ensures effective curriculum delivery through a well planned and documented process. We adopt the curriculum overview provided by the Dibrugarh University. Depending on our resource potentiality, institutional goals and concern towards the students, we impart quality education. The institution has developed a structured and effective implementation of the curriculum. Following are the various means through which it executives the curriculum. HOD's Meeting: HOD's Meetings are held once in

once in a month. Heads of the Departments discuss their action plans to arrive an optimal and effective way. Academic Calendar: Academic Calendar is prepared as per the Dibrugarh University academic calendar and the requirements at the department level as per the action plans formed. Lesson Plan: A Lesson Plan includes course outcomes, course objectives, content topics, reference books and the expected outcomes from the students by learning through the topics prepared by respective faculty members at the beginning of each semester. It gives an insight how the lecture class will be handled throughout the semester. Meeting the Vision and Mission of the Concerned Department: Each department of the college acts with the Institutional Vision and Mission of the college. Institution integrates cross-cutting issues relevant to Gender, Environmental sustainability, Human Values and Professional Ethics into the curriculum Gender, Environmental sustainability, Human Values and Professional Ethics issues find an ample space when it comes to applying them positively into the curriculum. We believe in maintaining healthy environment for all its students.

There are various committees which take care of the students such as: (i) Women Grievances Committee: It is formed only by female faculty members consisting of one coordinator and two members and also one student representative from each department. Issues like sexual harassment and gender discrimination among female students are addressed in the committee. Incidents of sexual harassment of female students are nil due to the discipline in the campus. Yet this cell interacts with female students at regular intervals to identify any sort of

issues existing. The women cell is capable of dealing the cases very confidently with its team. Issues related to women's health and hygiene is also taken care of by the committee. (ii) Anti- Ragging Committee: As per the guidelines of UGC, and the University, an Anti- Ragging Committee has been constituted to handle the issues pertaining to ragging. Any student can lodge a complaint without disclosing his/her identity in case of any in convenient incident. (iii) Human Rights: The college conducts various programmes on Human Rights to provide awareness among students. • World Human Rights Day • Voter's Day Programme • Blood Donation Programmes • Swachch Bharat Abhiyan • Health and Hygiene Awareness Programmes • Tree Plantation (iv) Discipline Committee: A discipline committee is there in the college formed comprising of faculty members. This committee plays a vibrant role in the maintenance of discipline

of the complete campus.

The students mentoring system in Lakhimpur Commerce College focuses on the dynamic learning of the students apart from the conventional teaching. The mentor plays the role of guide, advisor and counsellor to the mentee. The mentor mentee system has been however reformed and adopted from time to facilitate the students effectively. The faculty members maintain a close rapport with the students and counsel them on various aspects related to guide the students and coordinate with the parents for their development. Academic counselling is available for all students. Mantees are helped to develop further in their areas of interest. The students are mentored all the time of admission regarding the maintenance of discipline. The teachers encourage the students in skill development and in enhancing the abilities through observation and assessment. The objective of this system helps in exploring the hidden talents of the students through various innovative methods. The departmental freshmen social, the farewell functions, the publication of wall magazines, activities of students union etc. also help the students to improve their self confidence and communication skills. Moreover, the Extension Activities like NSS, Community Outreach programmes have faculty mentor to guide the students in developing their leadership quality. The students are thus provided a platform to expose themselves in academic and social activities.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)									
2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words) The internal evaluation system for different courses is conducted according to the guidelines provided by Dibrugarh University. For the internal evaluation, the sessional examinations, attendance, class tests, students' seminars, home assignments, etc are conducted by the college. The departments strictly monitor the attendance of the students. But there was slight consideration in the attendance due to lockdown and pandemic condition. The Principal forms a designated examination committee to prepare a routine for sessional examinations. The examinations are hold by the concerned departments accordingly. The faculty members of each department submit the question papers to the Head of the Departments who finalizes it. The examination committee takes the responsibility of providing blank answer scripts in the required quantities to the departments. Each department is entrusted with the entire responsibility of the smooth running of examinations. The evaluation of the answer scripts is done at the departmental level and the marks are added in the internal assessment which is to be later submitted to the university. It is worth reporting that despite various problems faced by the students regarding wi-fi or internet connection or lack of smart phone or laptops, the college strictly adheres to the instructions of the university. Discrepancies and grievances of the students, if any, are however assessed and resolved by the departments. The college implements effective evaluation system ensuring total transparency. The progress and advancement of the students in the college is thus carried out through a continuous internal evaluation system.

.2 – Best Practices											
7.2.1 – Descril	2.1 – Describe at least two institutional best practices										

A) HABITS OF MAINTAINING DIARY OF DAILY ACADEMIC ACTIVITIES: 1. Title of the Practice: 'Diary Maintaining Habits' 2. Objectives of the Practice: ?
Encouraging the students and teachers to develop the habit of maintaining diary of daily academic activities in the college. ? Encouraging the students for more attendance and increasing the concentration level in the classroom. ?
Encouraging the students to develop the reading and writing practices at home which are taught at the classroom on daily basis. 3. The Context: Most of the

students of higher educational institutions are hardly review the contents/lectures at home which were taught in the classroom unless otherwise home assignment or home work has been given out by the class teachers at the classroom. With an idea to encourage the students to develop the reading and writing practices of the topics taught in the classes, the principal and the academic committee of the college came up and issue 'Students Diary' to each and every students at the time of admission to record all the contents which will be taught at the classroom and ask them to submit the same to the college on regular basis for review. Similarly, for timely coverage of all the contents of the syllabus the teachers of the college have also been given Teachers' Diary to record the daily academic activities of the college. 4. The Practice ? The Students Diary is to be submitted by each and every student at the end of every two months before the academic committee. Similarly the teachers are also doing so. ? The Diaries have reviewed by the academic committee and a report have been prepared and submitted to the Principal for further action. ? Submission of the diary is mandatory by every student. Non submission of the same by any student will have to be present before the Principal and the academic committee for explanation. ? The Teachers Diary is to be maintained by every teacher of the college so that no topics have been left out to teach among the students. It also helps in all coverage of the contents of the syllabus in the classroom. 5. Evidence of Success ? Help the teachers to timely coverage of all the contents of the syllabus in the classroom. ? Helps in increasing the daily attendance of the students in the college. ? Helps the students in improving the conceptual background of the subjects taught in the classroom. ? Helps the students to attempt and timely coverage of all the answers of the questions at the examination hall. ? Gradually the practice has been increased and the students are more active and improve the habits of maintaining daily record of academic activities of the college. ? It also helps in improving the writing skills of the students. 6. Problems Encountered and Resources Required ? The practice requires a reasonable amount of fund for publication of 'Student's Diary' for each and every students of the college. ? There is a possibility of copying the text by some students from the other student's diary. ? There is a problem of involving marginal amount of time for reviewing all the Students' Diary at a time. It involves 3 to 5 days for every subject by the teacher concerned. B) AVAILING MINIMUM BANKING AND POSTAL SERVICES TO COLLEGE STUDENTS: 1. Title of the Practice: 'Banking and Postal Service Knowledge' 2. Objectives of the Practice: ? To help the students in availing minimum practical knowledge of banking and postal service operations. ? Encouraging the students for increasing their attendance in the classroom. ? To help the students in enhancing personality and the level of confidence. ? Encouraging the students in developing more career consciousness in the field of banking and postal sectors. 3. The Context: ? To support the students by providing at least the minimum transaction knowledge of banking and postal services. ? The practice includes a visit to any commercial bank and the post offices of North Lakhimpur town on a regular basis. ? The students are guided through orientation and awareness classes. Sometimes resource personal from banks and post offices are invited. ? The scope of career prospects in the field of banking and postal sectors are also discussed in the orientation classes. ? Interaction with the banking and postal personals helps the students in gathering more knowledge about these sectors and the job prospects. ? The biggest challenge is the number of students visiting the commercial banks and

the post offices. 4. The Practice ? Theoretical knowledge on banking sectors and their transactions is provided to the students by engaging the faculties from the commerce background. ? Some faculties from arts background are also engaged for delivering the theoretical knowledge on postal transactions. ? Delivering of practical knowledge on banking and postal services, sometimes resource persons from these sectors are invited. ? A group of students are selected for visiting any commercial banks and post offices in the town for providing the minimum practical knowledge on banking and postal transactions. ? The groups are giving the tasks like filling of pay-in-slip, preparation of bearer and crossed cheque, depositing and withdrawal of cash from bank, dropping of cheque to drop box, filling of KYC form, method of speed and registered post, ways to purchase NSC, KVP etc., filling of IPO, money orders, telegrams and many other commonly used banking and postal services. ? After the visit the students are ask to submit a report individually to the IQAC. The best report presenters are awarded. 5. Evidence of Success ? Help the students in developing the personality and the level of confidence. ? Daily attendance of the students in the classroom has increased. ? Helps the students in more career consciousness. ? Helps the students in aware about the competitive examinations. ? The practice has improved the practical knowledge of the students in regards to minimum banking and postal transactions. ? The practice is also helps in improving the writing skills of the students. 6. Problems Encountered and Resources Required ? The practice has no financial involvement but a reasonable remuneration to the invited resource persons form the bank and post offices. ? Selection of students and formation of groups of students is a difficult task. ? Sessional examinations and periodical tests in many times effect in smooth functioning of the practice. ? Involvement of all the students sometimes not possible due to limited time frame of the semester system.
